WHO WE ARE

Built on more than a decade of service

PHIL-CAN Integrated Trading OPC was established in May 2022 to carry forward the service record of **Filcan One Stop Corp.**, which began operations in September 2011.

Built on the same vision and mission, PHIL-CAN was created to expand our product offerings and to deliver products and services faster to clients across many industries. We have put improved systems and streamlined processes in place so that every order is handled quickly, efficiently and dependably.

We work directly with local and international manufacturers, particularly for consumable products. This gives our clients consistent quality, competitive pricing and a reliable supply chain. Our dedicated sourcing office in **Guangzhou, China** lets us find specialized and hard-to-find products that are difficult to obtain locally.

One of our core strengths is sourcing uncommon, specialized and obsolete items. Our experienced sourcing team looks for cost-effective alternatives without compromising quality, helping businesses lower procurement costs while keeping operations running smoothly.

Above all, we are committed to long-term partnerships built on integrity, flexibility and continuous improvement.

> *Never claim, brag or make yourself number one. If you understand that customers are number one, they will be the ones to place you at the top of the line.*

> *Growth is achieved by constantly striving for product research and development, and by cultivating fresh, sound ideas.*

HOW WE BEHAVE

Our core values

Five principles guide how we work with our clients, our suppliers and one another.

01 Passion to Win

We welcome every challenge that comes our way and treat it as our drive to compete and to win. Obstacles are something we rise above.

02 Integrity

We work with fairness and ethics, adhere to good governance and honest administration, and follow strict rules on transparency and accuracy.

03 Family First

We treat the people around us as extended family. As family-oriented individuals, we work as one team to achieve our goals.

04 Social Responsibility

Our responsibility extends beyond our office walls. Outreach programs have always been part of what we do, and we welcome partnerships with minority groups as suppliers of basic and indigenous materials.

05 Work-Life Balance

We value good health and a stress-free life. Good conditioning leads to greater efficiency and productivity, so we prioritize proper time management between work and life.
